

RESPONSIBILITY FOR BACK TAX ON PROPERTY

Commissioners to Apply to
Congress for New Law.

CONDEMN PRESENT SYSTEM

Aim to Protect Purchasers of Realty
From Levies Made Prior to Is-
surance of Certificates.

The District Commissioners have taken steps for the enactment of a law which will make a tax certificate binding upon the municipal government for all unpaid taxes omitted therefrom. The Corporation Counsel has advised the Board that this action is desirable, and the Commissioners have approved a recommendation made by Commissioner West that the statute in question be framed and sent to Congress with a request for its enactment.

A number of cases have been before the Board recently in which persons have purchased property on the faith of a tax certificate issued some time prior to the purchase. Later, when applying for tax bills, they have been surprised to find that their property was loaded with overdue taxes, and the title clouded by tax sale certificates or tax deeds.

A case was that of H. Bradley Davidson, who applied to the Commissioners for the cancellation of an old tax against his property. The application went through the usual channel and was made the subject of report from the Corporation Counsel, in which he said that the Commissioners had no legal authority to cancel the tax, but that a law ought to be passed which would make the certificate issued by the Assessor's Office a bar against the collection of any tax omitted upon such certificate.

In forwarding the case to his associates Commissioner West said: "I agree thoroughly with the suggestion that Congress be asked to enact a law providing that a certified statement of taxes, whenever and to whomsoever it may be issued, shall be an absolute bar against the collection of any tax or assessment omitted therefrom."

"Under the present system the certificate is prima facie, but not conclusive, evidence of the payment of all taxes up to the date of its issue. It seems to me that this system is wrong. The examiners of the tax books should be, and doubtless are, men of such reliability, thoroughness, and accuracy, as to make their work binding upon the District. The few errors which they might make and which would result in some small loss to the District treasury, would be more than compensated by the general satisfaction which the enactment of the proposed law would create."

DRAINAGE OF PROPOSED TENLEYTOWN STATION

No Special Change in Present System
Will Be Necessary—District Com-
missioners Investigating.

The drainage of the proposed police station in Tenleytown has been the subject of correspondence between the Police and Engineer departments of the District government. Major Sylvester took the initiative in the matter several days ago in a request to Lieut. J. A. Swindell, of the Seventh precinct, to submit a report on the surface drainage of Tenleytown, with special reference as to whether it required immediate attention and improvement.

Lieutenant Swindell reported that the surface drainage was generally good, except on Grant Road, near its junction with Wisconsin Avenue. Morris Hacker, Superintendent of Roads, reported that the gutters on Grant Road received special attention from his men, and were swept every week. This, he said, was not done to any other county road in the District.

Further correspondence shows that the plans for the proposed police station do not require any special change in drainage conditions.

MARRIAGE LICENSES ISSUED.

Franklin Moore and Fannie McCullough Thompson.
Henry G. Smith, District of Columbia, and Caroline W. Meyer, Aurora, Ill.

TYPHOID FEVER CASES STEADILY DIMINISHING

Decrease in Number of New
Patients Reported.

The report of the Health Department for the week ended Saturday shows that the number of cases of typhoid fever under treatment in the District decreased one. There were 41 new cases reported within the week and 43 discharged, leaving a total on Saturday of 352. As compared with the previous week, the number of new cases reported decreased from 51 to 42, showing much diminution in the spread of the disease. There were six deaths from typhoid fever.

The mortality in the District in the course of the week was 117, representing a death rate of 20.8. In the corresponding period of last year the deaths numbered 102, death rate 19.0, and in the week before last, 118, the death rate being 20.9. Of the recent deaths 63 were white (death rate 16.1) and colored, 54 (death rate 31.3).

The deaths from consumption, as compared with the last report, increased from 10 to 19, and those from affections of the heart declined from 15 to 8. There were 6 fatal cases of typhoid fever and 1 of whooping cough. By violence 2 deaths occurred, one being a case of homicide by crushing of the skull, and one accidental electric shock.

There were 106 births reported, of which 66 were white and 40 colored, the males being 50 and females 53.

At the close of last report there were 15 cases of scarlet fever in quarantine. New cases numbering 6 were reported, and 3 were discharged, leaving 18 cases with warning cards in 15 premises.

Of diphtheria, 14 cases remained in quarantine. Fourteen new cases developed and 2 were discharged, leaving 26 cases under supervision in 17 premises. Of smallpox there were 4 cases in the hospital at the close of the last report. During the week, 3 new cases occurred, and 2 being discharged, left 5 patients in the hospital at the close of the week.

The mean meteorological conditions prevalent were temperature of the air 58 degrees, relative humidity 82, with southerly winds averaging 4 miles per hour, and no rain. The maximum of the thermometer was 80 degrees on the 25th, and minimum 34 degrees on the 22d.

The following were the deaths classified according to their causes:

Apoplexy, 6; bronchitis, 4; congestion of lungs, 1; consumption, 19; convulsions, 2; diarrheal diseases, 5; diseases of brain, 6; diseases of heart, 7; diseases of kidney, 8; malignant growths, 7; meningitis, 1; pneumonia, 5; typhoid fever, 6; whooping cough, 1; miscellaneous, 33. Total, 117.

MUST TELL WHY M'KAY WILL WAS NOT FILED

Creditor Anxious to Have
Estate Settled Up

Justice Barnard, of the Supreme Court of the District, yesterday issued an order requiring Augustus S. Worthington, Henry F. Woodard, and Charles C. Cole to show cause tomorrow why the will of the late Col. Nathaniel McKay should not be offered for probate.

The order was made on the petition of Joseph M. Stoddard, who says he is a creditor of the estate of Colonel McKay in the sum of \$3,100. This amount, he says, is due to him on two promissory notes.

Mr. Stoddard further says he is informed that the will of Colonel McKay was placed in the care and custody of Messrs. Worthington, Cole, and Woodard, to be kept by them until such time as they should determine to definitely dispose of it. The will, it is understood, is deposited with the Washington Loan and Trust Company, with the understanding that the box in which it is kept is only to be opened when all of the custodians are present.

Attorney Arthur A. Birney, a partner of Henry E. Woodard, who is one of the executors of the will, is counsel for Mr. Stoddard. Mr. Birney, with Charles C. Cole, was named as counsel for the Dewey Hotel Company, which a few days ago filed proceedings in the Supreme Court of the District for the purpose of having a claim declared a lien against the premises at 1311 K Street northwest. The property mentioned was the home of Colonel McKay, and it is said he decided it to his wife, Mrs. Mabel Grace McKay, a short time before his death in Atlantic City, June 10 last. Mrs. McKay is named as one of the defendants in the proceedings filed by the Dewey Hotel Company. Colonel McKay's two daughters, Mrs. Wiedersheim, of Philadelphia, and Mrs. Knieley, of Oklahoma, are also named as defendants.

Now that the settlement of Colonel McKay's estate has been submitted to the courts, it is expected that Mrs. Jennie Pope McKay, who claims that a divorce which Colonel McKay secured from her in Guthrie, Okla., is void, will intervene. It is said that Mrs. Jennie Pope McKay contends that the divorce granted Colonel McKay is illegal because he was not a resident of Oklahoma Territory at the time the proceedings for divorce were instituted.

OVERCOME BY WOOD ALCOHOL.

Edward Dawson, a colored waiter, at a local club, met with a peculiar accident last evening. He was tapping a keg of wood alcohol when the bung suddenly flew out, permitting the fumes of the fluid to strike him in the face. He was overcome as though he had inhaled a deep draft of gas. He was removed to the Emergency Hospital, where he was resuscitated, after which he was able to return to his duties at the club.

STREET IMPROVEMENTS ASKED FOR IN BUDGET

Items Made Public by Board
of Commissioners.

The items of street improvement within the city limits, for which \$447,300 is asked of Congress in the budget made up by the Commissioners for the coming year, were made public yesterday, as follows:

Paving for northwest section: Louisiana Avenue, from Fifth to Seventh Street, \$5,000; C Street, from First Street to New Jersey Avenue, \$8,500; Twenty-third Street, from M to N, \$6,100; Tenth Street, from Pennsylvania Avenue to B Street, \$10,000; Twenty-seventh Street, from Virginia Avenue to L Street, \$12,000; Vermont Avenue, from R to S Street, \$3,000; Vermont Avenue, from S to T Street, \$5,000; Bates Street, from North Capitol to First, \$6,500; T Street, from New Hampshire to Florida Avenues, \$17,000; Thirteen-and-a-half Street, from D to E, \$2,500; Indiana Avenue, from Third to Fourth Street, \$6,500; New Hampshire Avenue, from V to W Street, \$6,000; V Street, from Seventeenth to Eighteenth, \$3,100; E Street, from Seventeenth to Eighteenth, \$5,000; C Street, from New Jersey Avenue to North Capitol Street, \$2,500. Total, \$110,000.

Grading, regulating, and paving for the Northeast section: Delaware Avenue, from H to Florida Avenue, \$13,000; Third Street, from H to Florida Avenue, \$8,000; Second Street, from M to Florida Avenue, \$3,000; Eighth Street, from K to L, \$2,500; Seventh Street, from L to K, \$2,500; E Street, from Fourth to Seventh, \$14,000; Fourth Street, from F to H, \$10,000; C Street, from Tenth to Thirteenth, \$12,500; C Street, from North Capitol to Thirteenth, \$16,000; Sixth Street, from D to F, \$8,400; F Street, from First to N, \$10,000; Seventh Street, from Maryland Avenue to H, \$16,200; E Street, from Seventh to Ninth, \$2,500; Tenth Street, from C to D, \$2,700. Total, \$152,300.

Paving for the southwest section: Maryland Avenue, from Four-and-a-half to Sixth, \$7,500; M Street, from Four-and-a-half to South Capitol, \$21,000; C Street, from Third to Four-and-a-half, \$5,000; Second Street, from F to K, \$15,000; K Street, from First to Four-and-a-half, \$17,000. Total, \$56,500.

Paving for the Georgetown section: U Street, from Twenty-ninth to Thirty-first, \$15,000; S Street, from Thirty-third to Thirty-fifth, \$5,000; U Street, from Thirty-fifth to Thirty-sixth, \$4,500; T Street, from Thirty-sixth to High, \$13,000. Total, \$41,000.

PUBLIC BATHS AWAIT OTHER IMPROVEMENTS

Commissioners Do Not Feel Justified in
Recommending Their Installation
to Congress at Present.

The District Commissioners in their schedule of estimates recently forwarded to the Secretary of the Treasury, asked for \$15,000 for a site and buildings for a new pound and \$1,000 for a new stable at the smallpox hospital. Another item especially urged by the Health Officer was the purchase of a site and the building of one or more public baths. This item the Commissioners disallowed.

Dr. Woodward, in his estimates, made a strong plea for the baths such as are maintained with benefit to the cities of Boston, Philadelphia, and other cities, but in framing the annual budget, the Commissioners felt themselves obliged to leave this among the desired but at present unattainable improvements of the city.

IT IS DOUBTFUL

If Local Applications Alone Ever Cured
a Case of Catarrh.

Most remedies for the treatment of catarrh are in the form of sprays, inhalers, powders, washes, or salves, all purely local applications, and many of them often give temporary relief, but the reason none of them ever really cure chronic catarrh is because catarrh is not a local disease, and it cannot be cured simply by treating the local symptoms.

Moreover, the more serious forms of catarrh, like catarrh of the stomach and catarrh of the bronchial tubes, cannot be reached at all by local applications, and the fact that neglected catarrh of the head very soon involves the bronchial tubes, stomach and liver, demonstrates that the disease is a blood disorder, a constitutional malady, and not at all a local disease.

To really cure catarrh the system must be cleansed from catarrhal poison by an internal remedy which acts effectively upon the blood and liver. The success of a new catarrh remedy, Stuart's Catarrh Tablets, is because it drives out of the system, through natural channels, the catarrhal poison and the mucous lining of the nose, throat and trachea are freed from the excessive mucus which collects and causes the hacking, spitting and gagging, because the excessive secretion is not furnished from healthy blood.

Stuart's Catarrh Tablets contain many of the same valuable antiseptics used in sprays and inhalers, but instead of being applied to the inflamed membranes of the nose and throat, they are taken into the stomach and thus reach the blood, the real seat and cause of the disease.

Stuart's Catarrh Tablets are large, pleasant tasting lozenges, composed of Red Gum, Hydrastin, Bloodroot, and similar catarrh specifics, and so safe to use that little children suffering from colds take them with same beneficial results as adult persons.

No trace of cocaine or opiates, so common in catarrh medicines, can be found in Stuart's Catarrh Tablets.

HARRY M'NAB CONVICTED OF ASSAULTING HIS WIFE

Cut Her Throat Because She Refused
to Withdraw Divorce
Proceedings.

Harry McNab, colored, was yesterday convicted in Criminal Court No. 1 of assault to kill upon his wife, Edna McNab, December 7, 1901. McNab attacked his wife on the street at night near her mother's home because she refused to discontinue proceedings for divorce which she had instituted against him on the ground of cruel treatment.

Mrs. McNab stated that her husband assaulted and attempted to kill her with a razor. In doing so he made a gash in her throat, which it took seven stitches to close.

In her petition for divorce Mrs. McNab said McNab forced her to marry him by threatening to kill her if she did not. She says she was then only fifteen years old.

McNab was remanded to jail by Justice Anderson to await sentence. Assistant District Attorney Mullenberry represented the Government at the trial.

RUN OVER BY SAND WAGON.

Alpheus Lent, employed at the Union station of the Capital Traction Railway Company, in Georgetown, was knocked down and run over by a sand wagon hauling sand into that terminal, early yesterday morning. One of the wheels of the wagon passed over his right foot, mashing his toes. He was removed to the Georgetown University Hospital for medical treatment.

REQUISITIONS ISSUED FOR RESORT KEEPERS

Maryland Authorities After Chesapeake
Junction Men for Violation of
Liquor Laws.

Chief Justice Bingham, of the Supreme Court of the District, yesterday received requisitions from Governor Smith of Maryland for Andrew Beach, John Hayes, and James C. Godfrey, who are wanted in Prince George county, Md., to answer indictments charging them with violating the gaming and liquor laws. The persons wanted are proprietors of pleasure resorts at Chesapeake Junction, which is near the District line.

When Beach heard that a warrant had been issued for his arrest he surrendered himself to the United States marshal for the District. Through his attorney, Albert Sillers, a petition for a writ of habeas corpus was filed yesterday afternoon in order to obtain release from custody. At that time Hayes and Godfrey had not been arrested. It is understood they will also file petitions for habeas corpus in order to secure release when taken into custody.
